

REMARKS

The present amendment corrects what appears to be an unintended omission in the Examiner's Amendment of December 29, 2005.

On December 9, 2005, the Examiner-of-record contacted the undersigned to propose an Examiner's Amendment. Specifically, the Examiner proposed inserting into claim 1 the text that was deleted in the Amendment submitted on August 23, 2005. After considering the proposal, the undersigned authorized the Examiner's Amendment on December 13, 2005.

The Notice of Allowance of December 29, 2005 shows that some of the text was not reinserted. Because no reason is provided for the incomplete insertion, applicants infer that such inserted was unintended.

Upon entry of the present amendment, the claims would have the form agreed upon for the Examiner's Amendment.

If necessary, the undersigned authorizes deducting any fees that may be due from Deposit Account No. 50-2866.

Respectfully submitted,
